Award-winning

The LO Next room divider and shelving system has been awarded the Red Dot Award for product design. The Red Dot Design Award, which dates back to the 1950s, is awarded in three categories: product design, communication design and design concept. The highly coveted award has earned an international reputation as a seal of outstanding design quality. In addition LO Next has been awarded the German Design Award for Product Design. Since 2012, the German Design Award has been identifying significant design trends, presenting them to a broad public and honouring them. Every year, extraordinary submissions in product design, communication design and architecture are honoured.
