

**LO® Motion®**

Product information sheet

**Functional table**

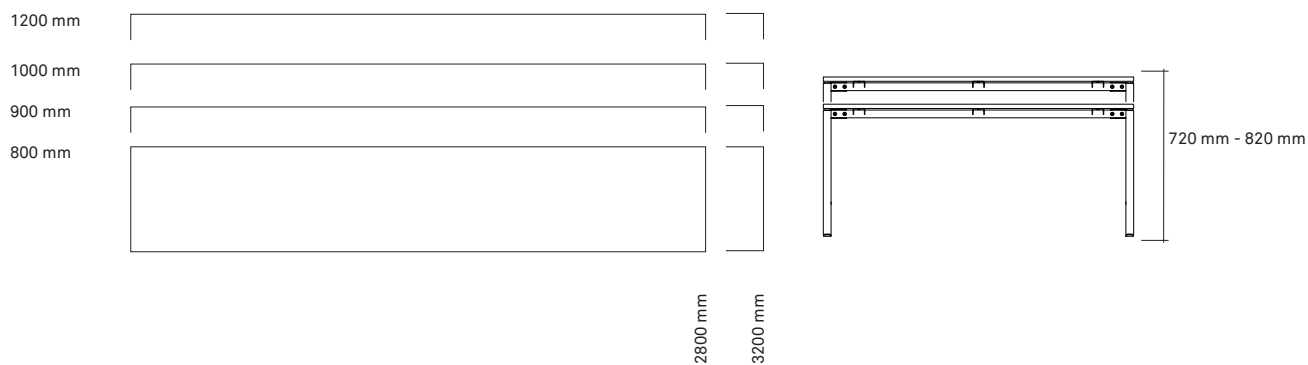

Forms of work are changing. Work processes are becoming more dynamic. Work and lounge areas are merging. Companies in transition need a table system that is functional and flexibly designed. So timeless that it not only fits today, but also tomorrow: LO Motion.

with Sliding plate function

### Functional table „wide

The functional table „wide“ has no sliding top function. The table is height-adjustable in 20 mm increments. The height adjustment range is 720 - 820 mm. The tables can be electrified and organised.

LO

## Function table „fix

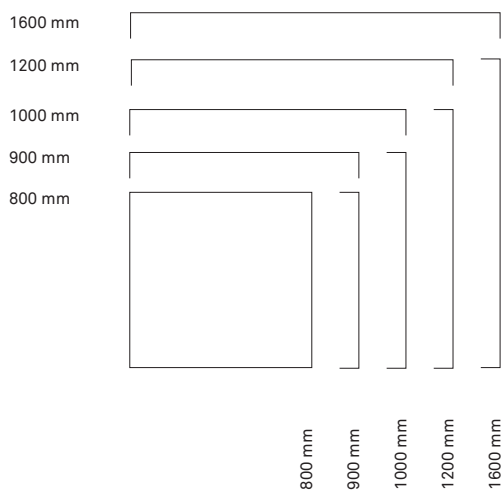

Lista Office LO has questioned and redesigned the form, functionality and flexibility of the office desk. The result is called LO Motion. Thanks to their clear design language, the functional and flexible tables make it possible to design work and lounge areas in a timeless way and also do justice to every task.

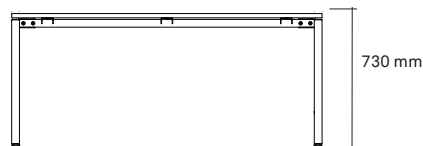

with Sliding plate function

### Functional meeting table „fix

Whether as a workstation solution or as a meeting table - LO Motion function tables are designed for professional and efficient working. Intelligent solutions and details, as well as the connection to the „function“ wall organisation system, allow for a workstation design that is as close to requirements as it is flexible.

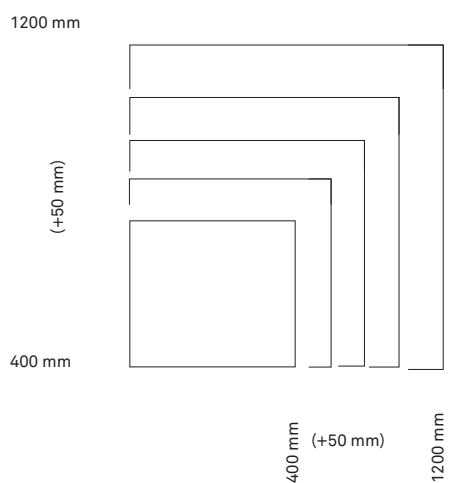

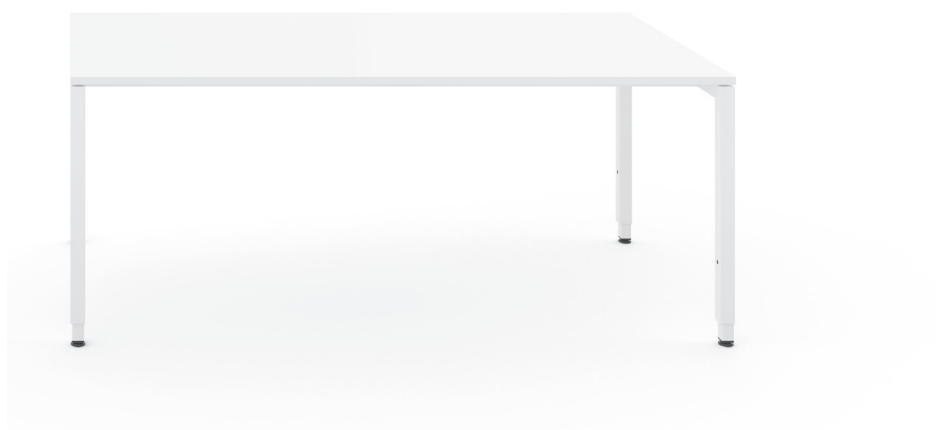

without sliding plate function

### Flextable

The variety of LO Motion flex tables speaks for itself. Length times width times height are designed so that this table optimally complements the workspace: as a side table, as a club table, but also as a counter or bench. Thanks to their unobtrusive design, flex tables are convincing in every role.

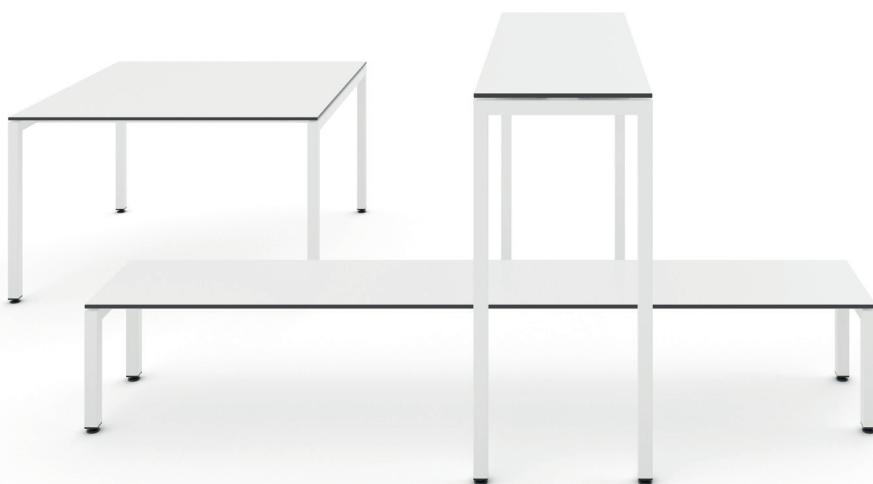

without sliding plate function

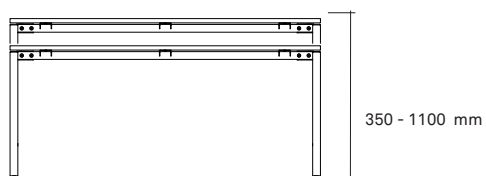

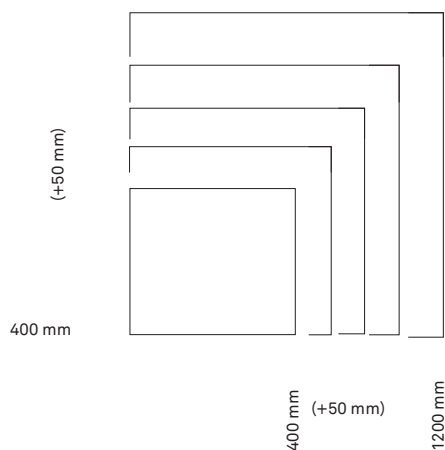

### **Flextable „fix**

The Flex meeting tables are without sliding top function, the levelling range is 10mm. The table base and the feet are made of tubular steel, stove-enamelled.

1200 mm

without sliding plate function

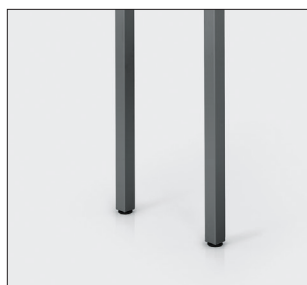

Of course, the details are also convincing with LO Motion - from the cable organisation to the user-friendly leveling and the dimensions, which are precisely matched to the LO corpus and LO Caddy.

## Power supply

LO

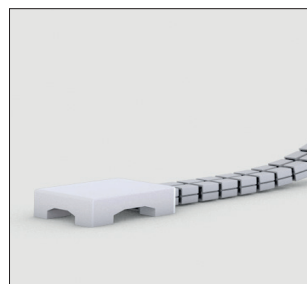

You can freely configure your desk to your requirements with our wide range of power supply options – such as a modular power strip, a magnetic plug box or a plug unit. The power supply solutions fulfil the electrical standard SEV1011:2009/A1:2012 thanks to the integrated overcurrent protection.
