3. Input/output analysis

1. Review 2023

Review

Energy efficiency was increased to 136,5% compared to 2013. This corresponds to a 25,9 % improvement in energy efficiency compared with the target path.

CO₂ emissions were reduced to 42,4% compared to 2013. This corresponds to an undercutting of the CO₂ reduction path by 36,6

"Energy efficiency" from obligation according to bulk consumer article / "CO₂ reduction path" from voluntary commitment with FOEN

1. Review 2023

Review

Projects realized in 2023:

- Further partial lighting with LED.

- 2. Targets and projects 2024**
3. Input/output analysis

2. Targets and projects 2024

Outlook

In the current year, Lista Office LO is aiming to reduce energy consumption by efficiency by a further percent. CO₂ emissions to be further reduced by 2%.

Projects planned in 2024:

- Further process optimizations in manufacturing

Input/output analysis

Input

Raw materials
Supplies
Packaging
Water
Energy

Output

Products
Waste
Wastewater
Emissions

The background of the image consists of a series of parallel, slightly curved lines that create a sense of depth and motion. A vertical bar is visible on the left side, partially obscured by the text. The overall color palette is monochromatic, ranging from dark grey to light grey.

Input

Raw materials (t)

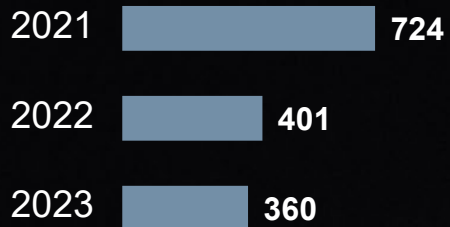

Steel

Aluminium

Wood

Supplies (t)

Powder coating

Chemical supplies

Resources

Natural gas (Ho)

Heating oil (MWh)

Electricity (MWh)

Resources

Fresh water (m³)

Output

A modern office desk with a black ergonomic chair in a bright, minimalist room. The desk is white with a dark top edge. The chair is black with a high backrest and armrests. The background features a large window with white curtains, allowing bright light to fill the room. The floor is a light, neutral color. The word "Output" is written in a large, black, sans-serif font on the left side of the image, partially overlapping the desk and chair.

Waste (t)

Scrap metal

Recycled material

Waste (t)

General waste

Hazardous waste

Emissions (t)

Organic compounds (voc)

Carbon dioxide (CO₂)

2021 759

2022 743

2023 693

An aerial photograph of a rural landscape. In the center, a small, weathered wooden barn with a dark roof sits in a vast, vibrant green field. A narrow dirt path winds through the field towards the barn. The foreground is dominated by a dense forest of tall, thin trees, with some showing bright green foliage. The background shows rolling green hills under a clear sky.

For a sustainable working world.
